

Why choose Abri? We want you!

Abri is a locally operated health plan. Our employees live, work and play in the same communities as you. When you call us you will speak to an Abri Member Services Representative right here in Milwaukee. Abri Member Services Representatives speak English, Spanish and Hmong and can help you if you need interpretation for any other language.

Abri provides all covered BadgerCare Plus Standard and Benchmark Plan benefits. We offer our members the same qualified doctors, hospitals and other providers that we use for ourselves and our families. In addition, we provide great preventive health services and promote wellness for our Members. We want you to receive the benefits of preventive care and early detection of health problems.

Some of our services include:

- Care Coordination
- Medical Case Management
- Disease Management
- Health Promotion Services
- Community Outreach
- Prenatal Case Management
- First Two Years of Life program aimed at getting our youngest members off to a good healthy start!

As an Abri member your needs change and we change with you. We continually develop and improve our services, our provider networks and our programs.

To meet your changing needs we are happy to bring **two new companies into Wisconsin.**

Beacon Health Strategies will manage the mental health and substance abuse services for Abri members. **Beacon is one of the country's top rated behavioral health companies in quality!** Beacon works together with members, families, advocates and providers to make sure you receive the best care possible. Beacon also works closely with your primary care provider to make sure all of your healthcare needs are met. Beacon will locate staff here in Milwaukee to help coordinate care for special needs.

DentaQuest will manage the dental services for Abri members. DentaQuest understands that oral health extends well beyond your teeth to include your entire mouth and even your entire body. DentaQuest will be bringing outreach programs that impact your entire body and improve your overall health. When you need to talk with someone, **DentaQuest customer service staff is located just north of Milwaukee.**

Community Health Improvement Activities. Abri works with a variety of community based organizations to promote education, preventive care and healthy lifestyles. In addition, Abri contributes to local organizations, works with local charities, sponsors children's baseball and football teams and sponsors our own annual basketball tournament. **The presenter in the 2009 Basketball Awards Ceremony was NBA All Star Devin Harris and will be again in 2010.**
